From (Name) Captain N.R. Ubhaya, L.R.C.P.&.S., D.P.H.,

(Designation) Ag: Director of Public Health, Madras.

To The Secretary to the Government of Madras,

Local Self Government ( Public Health ) Department.

* * *

Sir,

I have the honour to state that in my letter R.NO.4187-2 dated 9th August 1927, I suggested to the Municipal Council, Mangalore that it was time for the Council to consider seriously the appointment of a Ist class Health Officer in the place of the 2nd class one in employ, commensurate with the area, population, importance and annual income of the Council. In reply, the Council stated that the 2nd class Health Officer fully met the requirements of the town and that there was no need for a Ist class Health Officer. Again in my letter R.NO.4079-E dated 8th September 1928, I pointed out to the Chairman that important problems such as Child Welfare and Maternity Schemes and reduction of the death-rates of infants and

and mothers required the attention of a higher qualified officer and also invited his attention to G.O.No.533 P.H., dated 18th May 1921 wherein Government have stated that Ist Class Health Officers should ordinarily be employed in municipalities with a population of 50,000 or more.

2 I have also personally impressed on the Chairman of the necessity for the appointment of a Ist Class Health Officer and the Chairman has agreed to appoint a Ist class Health Officer.

3 I therefore request that Government will be pleased to sanction the post of a Ist class Health Officer for the Mangalore Municipality from 1st-April 1929 in the place of the existing 2nd class one. The average extra cost involved in the proposal is Rs.2,440/- per annum.

4 This item will be included in my Budget Estimate (Part II) for 1929-30.

I have the honour to be,

S i r,

Your most obedient servant,

D R Bhall

Captain D.P.H.,
Ag: Director of Public Health, Madras.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

A second-class Health Officer is at present employed in the Mangalore municipality. The population of the town according to the census of 1921 was 53,877. The Director of Public Health proposes that in view of the importance of the town and in the interest of the administration of the public health of the municipality it is necessary to employ a first-class Health Officer in the place of the second-class Health

Officer. The Municipal Council has agreed to the proposal. The Government consider that it is necessary to employ a first-class Health officer in the municipality. It is proposed to sanction the employment of the Officer with effect from 1st May 1929 and to provide necessary funds for the purpose in the Civil Budget Estimate for 1929-30.
